

History Vertical Concepts

Monarchy and Religion

Understanding how monarchy and religion shape societies and influence governance, culture, and daily life throughout history.

Invasion and Settlement

Exploring the effects of invasions and settlements on cultures and communities, and how they drive change, adaptation, and integration.

Society and Legacy

Investigating how social structures and cultural legacies impact contemporary life, including the influence of historical events, figures, and movements on our identity and values.

Exploration and Empire

Analysing the motivations and impacts of exploration and empire-building, focusing on how they expand knowledge and power while affecting diverse cultures.
